Copenhagen, Denmark 📍

sophiaauer.me 🌐

After working several years in Product Management, it's time for me to turn my passion for coding into a professional career working in a team with motivated colleagues. I've been tinkering on several side projects in WebDev as well as IoT and Robotics (you can find more on my website). I'm a passionate, creative and detail-oriented team-player. I'm a problem-solver, goal-oriented and have a user-oriented mindset that tries to find the right balance between user-need and technical simplicity.

## WORK EXPERIENCE
